PROFESSIONAL EXPERIENCE

Marketing Lead Europe May. 2026 – Present

Pollen AM: SME, Additive Manufacturing Industry

ICP: R&D Engineers / Industrial Directors / Materials Managers

Growth: Design and rollout of a marketing development funds (MDF) program for B2B resellers. Development of an activity catalogue for co-marketing and co-branding.

Web Ops: Deployment of campaign landing pages and microsites with Jekyll and GitHub. GDPR compliance monitoring, implementation of cybersecurity best practices. Journey optimization and A/B testing. Tracking setup and marketing attribution.

SEO & GEO: Keyword analysis and monitoring by country (France, Italy, Spain, Germany, Belgium), link building, metadata optimization. Authoring of llms.txt files for LLM visibility.

SEA & Paid Traffic: LinkedIn Ads

CRM: Migration to Zoho Suite: configuration of Zoho Forms, Zoho CRM and Zoho Meetings.

Media: Multilingual newsletter + LinkedIn

AI & Data: Development of local agentic models with Ollama and Docker for RAG use. Deployment of automation tools via MCP + Google Cloud + n8n.

Marketing Campaigns: Webinars (materials / 3D prototyping and short-run production), ceramics white paper and materials use cases, international trade shows.

Management: Reporting to the Managing Director and the CEO.

Results: Marketing architecture 75%+ automated. Launch of several campaigns for direct and indirect sales. Deployment to production of a specialized AI agent that produces content and generates real-time reports on CRM and website activity.

Chief Marketing Officer & Partner 2024 – Present

InRealArt: B2C/B2B art platform, direct & indirect sales (part-time, <10 h/week)

ICP: Contemporary artists / Artist associations

Growth: Oversees the full development strategy and offer catalogue. Built a network of artist agents supporting associations and professional art fairs.

Web Ops: Development of key messaging, lead magnets and simulators.

SEO & GEO: Oversees the entire search strategy through an artist index and some forty Google Business Profile (GBP) accounts. Automated GBP content publishing, blog articles managed by an AI agent.

CRM: Lead automation and nurturing to assess sales readiness.

AI & Data: Design and production of a RAG AI trained on Légifrance, art trade and URSSAF data to write white papers on artist legal statuses and careers in France.

Media: LinkedIn + Newsletter + GBP

Marketing Campaigns: GBP campaigns, brand awareness campaign, Instagram co-marketing.

Results: 50+ artists signed, 300+ leads generated, 40 GBP accounts managed and automated.

Head of B2B Marketing Europe Jan. 2025 – Nov. 2025

Camping Car Park: SME, parking solutions

ICP: Local elected officials, political associations, tourist offices

Growth: Development of lobbying campaigns with mayors' associations and tourist offices. Scraping of political directories. Deployment of a call-center conversation analysis tool.

Web Ops: Multi-site management, design and launch of simulators and lead magnets. Action plans to manage 700+ GBP listings. Journey optimization, A/B testing. Tracking setup and marketing attribution.

SEO & GEO: Keyword analysis and monitoring, link building, metadata optimization, local and European search optimization (Germany, Spain, Portugal, Netherlands, Belgium). Deployment of an external reviews microsite to drive traffic and feed B2C databases. Blog launch.

SEA & Paid Traffic: Google Ads + LinkedIn Ads delivered by two freelancers

CRM: Business data reliability, onboarding and nurturing scenarios. Automation of several pipelines with routing by region and country.

AI & Data: Industry barometers produced via notebooks (data cleaning and aggregation). Dedicated agents for multilingual content. Internal bot deployment.

Media: Multilingual newsletter + LinkedIn, national and international daily press

Marketing Campaigns: Webinars, customer reviews, lobbying, GBP campaigns, influencer and brand ambassador campaigns, international trade shows.

Management: Reporting to the CMO and Managing Director. Managed a marketing project manager, a growth marketer and a marketing intern.

Results: €30M+ ARR, complete and reliable European marketing architecture for multi-country lead generation. Several strategic partnerships. Direct management of communication and PR agencies in France and abroad (Germany, Spain, Portugal).

Head of B2B Marketing 2021 – 2024

Sense4data: SME, consulting, product & data

ICP: Business owners / Finance departments / Technical departments

Growth: Scraping of Kompass directories, development of ROI simulators. Scraping of public tenders.

Web Ops: Management of several AI product and service websites (HR, Environment, Gaming). Design and population of a use-case library to generate qualified leads. Two redesigns with a communication agency and a WordPress development agency. Tracking setup and marketing attribution.

SEO: Keyword analysis and monitoring, link building, metadata optimization. Competitor content scraping to capture traffic and conversion opportunities. Blog launch.

SEA & Paid Traffic: Direct management of Google Ads and LinkedIn Ads campaigns

CRM: HubSpot implementation, lead tracking and qualification. Content automation.

AI & Data: Development of several AI agents specialized in marketing content and strategy. Dashboards for steering and reporting to the executive committee and investors.

Media: 4 newsletters + LinkedIn + trade press

Marketing Campaigns: Rollout of a commercial offer across ten verticals. Webinars and affiliate marketing program. Influence and thought-leadership campaigns via ghostwriting.

Management: Reporting to the CEO. Managed two marketing project managers, a marketing assistant, a UI/UX designer and a growth hacker.

Results: €1M+ ARR. Built the entire commercial offer and marketing stack from scratch. Industrialized content by sector. Launched 3 SaaS products.

Head of B2B2C Growth 2020 – 2021

Eyelights: IoT & AR scale-up, Toulouse

ICP: Innovation managers / Safety managers / Automotive and motorcycle accessory buyers

Growth: Deployment and management of crowdfunding campaigns. Product cross-selling program to improve CAC. Product launches in target markets (USA, Japan, Germany). Affiliate marketing program.

Web Ops: Shopify site management, one redesign with a Shopify agency. Journey optimization and A/B testing. Product catalogue and pricing programs. Tracking setup and marketing attribution.

SEO: Keyword monitoring and optimization, semantic cocoon and site structure. Specialized blog run with an external agency.

SEA & Paid Traffic: €1M annual budget. Managed several local and international agencies (Japan, USA). Meta Ads, Google Ads, Snapchat, TikTok Ads, Twitter Ads.

CRM: Pipeline automation with Klaviyo and ActiveCampaign.

AI & Data: Design and deployment of an internal chatbot to improve processes and automate customer service operations. Dashboards for steering and reporting to the executive committee and investors.

Media: Newsletter + Meta + TikTok + Snapchat + daily press + trade press

Marketing Campaigns: 100+ campaigns for Kickstarter and Indiegogo. Micro-influencer campaigns. Referral and loyalty campaigns. Trade press campaigns.

Management: Reporting to the CEO. Managed a communications manager, an e-commerce manager, a product marketing manager and two marketing assistants.

Results: €3M+ ARR, +300% growth, management of several agencies, launch of a complete international affiliate program.

Head of B2B Traffic 2019 – 2020

Groupe Actiplay: Marketing agency, Bordeaux
